# STORY OF THE MASTERPIECE

**FOUR WHEELS - ONE ENGINE** and that little something extra. Get on board and start the next season together with your individual driving dream. This masterpiece withstood our qualified testing process, shines with a unique setup and is ready to go "on the road"!

We can proudly offer you this Porsche 356 PreA Speedster with Austrian registration on behalf of a customer. With 110PS from a Porsche 912 engine and its colour scheme in silver with a black interior, it is the perfect vehicle to have fun. After a very elaborate restoration in England by a well-known classic car restorer, it is also guaranteed that you will have something of your vehicle for a long time.

The Porsche Speedster currently has an Austrian registration, a FIVA Identity Card. We have the registration papers of its previous owners known to us from Switzerland, Germany and England. We also have restoration records in England.

Appointments in the Appointment Hall take place exclusively by appointment. This is how we ensure that you feel well looked after and advised during your personal "Porsche Appointment".
