STORY OF THE MASTERPIECE

FOUR WHEELS - ONE ENGINE and that little something extra. Get on board and start the next season together with your individual driving dream. This masterpiece withstood our qualified testing process, shines with a unique setup and is ready to go "on the road"!

We are allowed to offer this Porsche 911 SWB on behalf of a customer

This is probably one of the oldest 911s in Austria that are currently on offer. The car was registered by Porsche Konstruktionen KG on June 28, 1966, with the registration number W 556.453 and has only had 5 owners to date.

In the winter of 2019/20, the engine was completely overhauled at Classica in Salzburg, the transmission was cleaned and resealed. The technology can therefore be described as new.

The engine number is matching and therefore original, the gearbox is identical.

The overall condition of the wagon is to be assessed as condition 2. The 911 is currently registered in Austria and does not have to go through a technical inspection again until June 2021.

Appointments in the Appointment Hall take place exclusively by appointment. This is how we ensure that you feel well looked after and advised during your personal "Porsche Appointment".
