STORY OF THE MASTERPIECE

Classic car restoration is our passion, perfection is our claim. As enthusiasts of historic vehicle restoration, we awaken the splendor of bygone times and ensure an unforgettable driving experience with our craftsmanship.

964RST Project by Kris Rosenberger

True to the motto "We don't manufacture just any masterpiece, but your personal masterpiece" every vehicle from our company is built individually for and together with the customer. As a rule, we do not design and build any vehicles to then be offered for sale. Because if it is individual, then it should 100% suit the taste of the respective owner.

Thanks to our in-house app, our international customers now have even more opportunity to configure their vehicle with all their individual wishes.

Test our configurator now – available for iOS, Windows and online stream

Online Stream

iOS

Windows

Complete restoration with revision of the entire drive unit – Height-adjustable KW chassis – Performance increase to 330 HP – Adaptation of the transmission unit – Body conversion in steel – Forged Fuchs Design rims – LED headlights – Sound system including hands-free system – Wooden steering wheel and dashboard based on the early 911 generation – and some other features – we build the tailor-made version of your Restomod daily driver
