STORY OF THE MASTERPIECE

FOUR WHEELS - ONE ENGINE and that little something extra. Get on board and start the next season together with your individual driving dream. This masterpiece withstood our qualified testing process, shines with a unique setup and is ready to go "on the road"!

Living the California dream. Hot air, engine sound and driving a convertible is the summer dream of many car enthusiasts.

With this beautiful 993 Cabriolet from American hands, 2 criteria are already met. All that's missing now is you.

Delivered on July 1, 1996 in Michigan, the convertible went on its first journey, because the first owner spent his time with the 993 in Florida, Palm Beach. So almost the Californian dream.

With the 2nd owner, the roads around Long Lake, Maine were made unsafe between 2003 and 2015. In 2016, the Indish Red Dream went to its last US owner, in Montclair, New Jersey.

In 2018 it was imported to Germany, more precisely to Stuttgart, where the 993 was produced 22 years earlier. In the last 4 years, the convertible had only one owner, who has now decided to make his dream possible for a new owner and offered the vehicle for sale.

The standard 3.6L 6-cylinder boxer engine starts cleanly and quickly. Its 210 KW still bring the full power. The mileage of around 152,000 km is verifiable and also well documented thanks to the clean Carfax excerpt.
