# STORY OF THE MASTERPIECE

**FOUR WHEELS - ONE ENGINE** and that little something extra. Get on board and start the next season together with your individual driving dream. This masterpiece withstood our qualified testing process, shines with a unique setup and is ready to go "on the road"!

A Piece of Art – was the motto of this backdate and we have once again built a Piece of Art.

The latest installment in the 964 RST series was completed in fall 2022.

As part of a full restoration, the originally white Porsche 964 from Canada was given a completely new appearance. The 964 became an F model, and wide became wider.

Where Granprix white paint once pleased people, there is now Aga blue paint, one of THE classic F model colors that is unfortunately seen far too rarely today.

In addition to black Alcantara, the interior also features the well-known Pepita or "Houndstooth" fabric. The materials stand in excellent contrast to the patent leather and also make this RST an art object. It's almost too bad, don't you think?

After the first owner enjoyed his restored Targa for around a year and a half and around 2,500 km, this masterpiece is now released for sale.

The Targa is now available for viewing and test driving in our Appointment Hall upon prior reservation.
