# STORY OF THE MASTERPIECE

Classic car restoration is our passion, perfection is our claim. As enthusiasts of historic vehicle restoration, we awaken the splendor of bygone times and ensure an unforgettable driving experience with our craftsmanship.

Another masterpiece has been completed. And what a journey it was—because you could truly say the whole world is in this car.

What began as the bold vision of an Italian owner was brought to life through the extraordinary craftsmanship of our Austrian and Hungarian team. And now, this bespoke creation is heading to its new home in Dubai, where it will undoubtedly turn heads on every street it touches.

This 1985 Porsche 911 Targa has been reimagined by **Vehicle Experts** into a one-of-a-kind work of automotive art. Under the rear grille beats a heart that has been expanded from 3.2 to 3.4 liters, delivering around 250 hp—an engine that blends classic character with modern excitement.

Every detail has been crafted to match the customer's wishes:

Sculpted **bucket seats** wrapped in **woven leather**, blending motorsport spirit with refined luxury

A timeless **Momo Prototipo steering wheel**, connecting driver and machine with pure analog feel

Precision-engineered **KW coilover suspension** for enhanced performance and stance

Lightweight **forged Fuchs-design wheels**, honoring Porsche heritage with a modern twist

Bright, efficient **LED headlights** for a crisp, contemporary look

A race-inspired **center fuel fill**, adding both functionality and flair

From concept to final polish, this Targa is more than a restored classic—it is a tailor-made masterpiece, shaped by passion, precision, and the pursuit of perfection.
