# STORY OF THE MASTERPIECE

**FOUR WHEELS - ONE ENGINE** and that little something extra. Get on board and start the next season together with your individual driving dream. This masterpiece withstood our qualified testing process, shines with a unique setup and is ready to go "on the road"!

This 1984 Porsche 911 Targa has just arrived and is available at short notice.

We've known the vehicle for several years, having imported it ourselves from the USA in 2020 on behalf of a customer.

This well-maintained daily driver has had two owners in Europe over the past few years and has covered approximately 10,000 km.

After an initial stopover with a Slovak enthusiast, the Targa is now registered as a historical car in Austria and is therefore in original condition.

The vehicle will be delivered with a §57a inspection valid until June 26.

When it was imported five years ago, as well as now, we checked the reliable 3.2L engine from start to finish.
